

## Canton Community Preservation Act - Sign Holding Agenda

Hi, Thanks in advance for your help to promote this important initiative for Canton. The election date Tuesday April 3rd is quickly approaching. We need as many sign holders as we can get to promote awareness and you may be receiving this email even if you have not yet volunteered to hold signs for Canton CPA. If you know of anyone else in your circle of family, friends, neighbors who would hold signs- please help us to recruit them!

Please use this form to reply as your results populate a spreadsheet which I'll use to manage the sign holding assignments. If this email does not show the form you should be able to follow the link instead. Please take the time to answer this as it is far more effective than playing phone tag.

If you have any questions I can be reached at: \_\_\_\_\_ at any time.

Thanks
